CARE is based on six principles related to attachment theory, trauma recovery and ecological theory. In an article by Professors Daane and Hendricks titled "Liability for Failure to Adequately Train," they state, "Not only does a good training program increase the effectiveness and safety of police officers, it may also reduce the potential for liability of the officers, the supervisors and the agency. Last year, it took months to find the more than 2, people unaccounted for in Sonoma County after the fires incinerated thousands of homes.
