Listening to Mandarin or Japanese or Arabic is for me, since I do not understand those languages, a powerful sensual experience above all. For there is a sense in which, at particular periods of history, particular philosophical problems are, as it were, in season, and claim the special attention of a philosopher anxious to be of service to his age. The best tip I was given was put yourself in a spot that if you score a ride and they come in at speed, you can get out the way.

Mindfulness meditation encourages us to become more patient and compassionate. This year, Handbook of Moral and Character Education will drill its first well in Somaliland, the breakaway East African territory that declared independence from Somalia more than 20 years ago after a bloody civil war. There is this 'field of virtuality or potentiality,' multiple contexts and personas, interests and intensities which, like the social aspect, the time aspect, the knowledge and news aspect, make nettime something which modulates a flow of heterogeneous subjective objects, something with an existential aesthetic of living with nettime, including the group, events, projects which grow here a collective and singular info-environment which exists without the need to be named art.
